

GNPA Submissions

Are you interested in having your photography featured on Georgia DNR Wildlife Resources Division social media, website, or other publications? We want to feature you as a Georgia nature photographer!

Will I receive photo credit?

Absolutely! Each photo used will be appropriately credited with your name.

How should I submit my photos?

First, save your photo by naming it with the subject, where the photo was taken (county or wildlife management area name), and the name you wish to be credited by.

Example: File name = AgField_DoolyCounty_AubreyMartin;
BlackbelliedDucks_AltamahaWMA_MarkWhitney

To upload your photos, visit the GNPA submission link: <http://bit.ly/2Ekm7LR>. This is an unlisted gallery so that your photos remain protected and is only accessible to Georgia DNR public affairs staff. You can upload more than one photo at a time. Once your photo is uploaded, you will not be able to see it or make edits. The submission was successful if you receive the "Hooray!" screen.

If you're a first time submitter, please fill out our Contact Form: <http://bit.ly/2EAJHW3>. This allows us to reach out to you directly with any questions we might have. Once we have it on file, you won't need to fill it out again.

What format should I submit my photos in?

PNG is best, but a JPG would be fine too. Please upload your photo at the highest quality resolution you have available.

What we need right now:
